

OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 843

RIN 3206-AO13

Federal Employees' Retirement System; Present Value Conversion Factors for Spouses of Deceased Separated Employees

AGENCY: Office of Personnel Management.

ACTION: Final rule.

SUMMARY: The Office of Personnel Management (OPM) is adopting its proposed rule to revise the table of reduction factors for early commencing dates of survivor annuities for spouses of separated employees who die before the date on which they would be eligible for unreduced deferred annuities, and to revise the annuity factor for spouses of deceased employees who die in service when those spouses elect to receive the basic employee death benefit in 36 installments under the Federal Employees' Retirement System (FERS) Act of 1986. These rules are necessary to ensure that the tables conform to the economic and demographic assumptions adopted by the Board of Actuaries and published in the Federal Register on March 29, 2021, as required by the United States Code.

DATES: This rule becomes effective on October 1, 2021.

FOR FURTHER INFORMATION CONTACT: Karla Yeakle, (202) 606-0299.

SUPPLEMENTARY INFORMATION: On March 29, 2021, OPM published at 86 FR 16401, a notice in the Federal Register to revise the normal cost percentages under the Federal Employees' Retirement System (FERS) Act of 1986, Public Law 99-335, 100 Stat. 514, as amended, based on economic assumptions and demographic factors adopted by the Board of Actuaries of the Civil Service Retirement System. By statute under 5 U.S.C. 8461(i), the revisions to the actuarial assumptions require corresponding changes in factors used to produce actuarially equivalent benefits when required by the FERS Act. As a result, on June

30, 2021, at 86 FR 34637, OPM published a proposed rule in the Federal Register to revise the table of reduction factors in appendix A to subpart C of part 843 of title 5, Code of Federal Regulations, for early commencing dates of survivor annuities for spouses of separated employees who die before the date on which they would be eligible for unreduced deferred annuities, and to revise the annuity factor for spouses of deceased employees who die in service when those spouses elect to receive the basic employee death benefit in 36 installments under 5 CFR 843.309. OPM received one comment that simply disagreed with the proposed rule without citing any basis for the disagreement. Because this comment is not clear, OPM is unable to provide a substantive response to it.

Regulatory Impact Analysis

OPM has examined the impact of this rule as required by Executive Order 12866 and Executive Order 13563, which directs agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public, health, and safety effects, distributive impacts, and equity). A regulatory impact analysis must be prepared for major rules with economically significant effects of \$100 million or more in any one year. This rule was not designated as a “significant regulatory action,” under Executive Order 12866.

Regulatory Flexibility Act

The Office of Personnel Management certifies that this rule will not have a significant economic impact on a substantial number of small entities.

Federalism

We have examined this rule in accordance with Executive Order 13132, Federalism, and have determined that this rule will not have any negative impact on the rights, roles and responsibilities of State, local, or tribal governments.

Civil Justice Reform

This regulation meets the applicable standard set forth in Executive Order 12988.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Congressional Review Act

This action pertains to agency management, personnel, and organization and does not substantially affect the rights or obligations of nonagency parties and, accordingly, is not a “rule” as that term is used by the Congressional Review Act (Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA)). Therefore, the reporting requirement of 5 U.S.C. 801 does not apply.

Paperwork Reduction Act

Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number.

This rule involves an OMB approved collection of information subject to the PRA Application for Death Benefits (FERS)/Documentation and Elections in Support of Application for Death Benefits when Deceased was an Employee at the Time of Death (FERS), 3206-0172. The public reporting burden for this collection is estimated to average 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The total burden hour estimate for this form is 16,751 hours. The

systems of record notice for this collection is: OPM SORN CENTRAL-1-Civil Service Retirement and Insurance Records.
